

## Accommodation in Glasgow

These are just a few recommendations of places to stay, generally near the conference venue; see the conference website for an interactive map. However, there are many more options to suit all price ranges. For alternatives, try searching Google Maps for 'Glasgow hotels'; or to book online, try [hostelworld.com](http://hostelworld.com), which includes many Glasgow hotels, apartments and B&Bs. Even if you do not wish to stay in the West End, the Glasgow Underground subway line is cheap and convenient. The closest station to the conference venue is Hillhead, a 2 minute walk.

All prices are based on single occupancy, and may vary. Distances are approximate walking times.
